

# Getting Library eContent: Android Users

## Getting Library eContent: Android Users

Learn how to access free eBooks, digital movies and television shows, digital music, and digital audiobooks. After an introduction to the types of content available, we'll learn how to view content on Apple devices. You should bring the device you wish to use and have a library card in good standing from a local system (Dublin/Columbus Metropolitan, Worthington, Upper Arlington all work).

## Getting Library eContent: Android Users Course Outline

- Introduction
- Types of materials available, and the libraries they come from
- Reading ebooks with laptops, Nook or Kindle
- Viewing streaming movies on laptops
- Listening to digital music on laptops
- Listening to audiobooks on laptops
